

Student satisfaction survey (SSS) is recognized as one of the best practices acknowledge potential concerns and shortcomings, which usually overlooked by institute administration and faculties. Regrettably, we couldn't implement this practice in previous years. Nevertheless, compiling SSS on institute facilities, administrative engagement, coursework, learning-teaching methods, evaluation process, and student's interaction with concerned faculties have been recently started from the session 2020-2021. Also, the obtained statistics is further analyzed and implemented for the betterment of the students and college.
